- RAMS

Prior to commencing the works all necessary permissions must be obtained by you and provided to the Crouch Harbour Authority e.g. from *inter alia*:

- Environment Agency
- Natural England
- The Regional and/or Local Planning Authority
- The Landowner (If you, the applicant, do not own the proposed site of works)
- Marine Management Organisation

You may be required to furnish proof that your project will not have a **SIGNIFICANT** effect upon the environment, as defined under the Conservation (Natural Habitats) Regulations 1994.

2. The applicant certifies that 21 days prior to submitting this application the land/riverbed to which this application relates was owned by:

- The person making the application.
- The third party owner, lessee etc. from whom permission to carry out these works has been obtained.

3. Fees will be required to be settled on receipt of invoice prior to a Dredging Licence being issued. There is an administration fee for the issue of the Licence. **N.B. Work cannot commence until the Licence has been issued.**

Marine Contractors

- RAMS/Insurance/Coding Certification to be supplied before any work takes place.
- Conservancy Dues apply to any vessel being used.

Your application for a Dredging Licence should be sent to the Harbour Office. It will then be submitted to the Crouch Harbour Advisory Committee who will then recommend whether to issue a Dredging Licence. These recommendations will then be considered by the Crouch Harbour Authority members who will instruct the Harbour Master to either issue a Dredging Licence or take any further steps necessary to complete the processing of the application.
